

Outlet Connections for Regulators

Compression Fitting for Connecting to Metallic Tubing (OD of the tube is important to choose the perfect connection)

Hose Barb for Connecting to Elastomeric Tubing (ID of the tube is important to choose the perfect connection)

Pushfit Connection for Connecting to PU Tubing (OD of the tube is important to choose the perfect connection).
However Aneer never recommends this connection for working with High Purity Gases

Ordering Information

OSR

MOC	Inscribe
Brass (Chromeplated)	B
316 Stainless Steel	S

Outlet Connection	Inscribe
